

**Environmental Conflict Study Trip:**  
**Proposed Itinerary,**  
**May15-21, 2005 (7 Days)**

- Day 1**      Transfer In Airport-Hotel  
15 May
- Day 2**      Breakfast  
16 May      Guest speaker: Hugo Valdebenito-University of San Francisco in Quito, 10:00 a.m.: interactive session giving students plenty of opportunity to ask questions about topics of interest. Dr. Valdebenito will focus on environmental conflicts, including water issues in the mountainous region, in the Galapagos, and natural resource conflicts in other areas, including what the response has been from the government and NGOs.
- \*suggested reading: "The Galapagos Islands: Conflict management in conservation and sustainable resource management," Case study.*
